INVITATION LETTER

Dear Colleagues and Friends,

The American Association for Bronchology and Interventional Pulmonology is pleased to invite you to Baltimore, Maryland for the 4th Annual Interventional Pulmonology and Advanced Diagnostics Conference. The AABIP Annual Conference will be held from Thursday August 26th to Saturday, August 28th at the Hilton Baltimore Inner Harbor.

The Annual AABIP Conference gathers Interventional Pulmonologists, Advanced Diagnostic Bronchoscopists, Critical Care specialists, Thoracic Surgeons, Advanced Practice Providers and Trainees, to meet, discuss and learn about current trends and the latest technological developments, industry breakthroughs and guidelines for thoracic diseases.

The Scientific Program, specifically designed as a Hybrid program, ensures that you can fully participate no matter where you are in the world, and if you cannot attend in person, you may participate online, with a combination of in-person live-streamed sessions, virtual interactive sessions, and prerecorded breakout sessions with a live virtual Q&A.

The Organizing Committee will do our best to ensure that you have an excellent conference experience. Either online or in person, you will enjoy an exciting and informative Scientific Program and additionally, if you choose to attend in person, you will also enjoy the exciting, amazing and wonderful Baltimore. Since its founding in 1729, Baltimore has played a key role in creating the American identity. Its inspiring history is shaped by centuries of innovation, extraordinary sights, and a truly diverse culture. Discover the people and places that make Baltimore an unforgettable American city.

We are looking forward to welcoming you and your colleagues in Baltimore in 2021!

ANNUAL CONFERENCE

AUGUST 26 TO 28

American Association for
Bronchology and Interventional Pulmonology

BALTIMORE, MD OR ONLINE ACCESS

BACKGROUND:

The American Association for Bronchology and Interventional Pulmonology is pleased to announce our 4th Annual Interventional Pulmonology and Advanced Diagnostics Conference scheduled for August 26th to 28th, 2021 in Baltimore, Maryland.

This event will serve as a forum to review and discuss the current concepts and recent advances in interventional pulmonology and advanced pulmonary diagnostic procedures as well as showcase new technological advances and research innovations of interest to advanced diagnostic pulmonologists, interventional pulmonologists, critical care specialists, thoracic surgeons, advanced nurse practitioners, physician assistants, trainees and other health-care providers.

Since its' founding in 1992, the AABIP has been the unified source for information regarding the fields of Bronchology and Interventional Pulmonology. It is the only subspecialty organization that is specifically focused on the Interventional Pulmonology community with the sole mission to advance the care of patients with thoracic diseases through a synergy of innovative technologies, minimally invasive procedures, and transformative education and research. Interventional Pulmonologists are also uniquely focused on the diagnosis, staging and management of patients with lung cancer. The AABIP is committed to expanding its educational offerings to our membership and to promote collaborative research advances. This annual meeting of the AABIP represents the preeminent gathering of the best and brightest in the field of Interventional Pulmonology. Since our inaugural conference in 2018, we have consistently provided an unmatched conference experience with diverse participation, enthusiastic engagement, and superb interactions among all participants.

During this meeting, the sessions are focused on current concepts and recent advances in Interventional Pulmonology. We also plan to explore new technological advances and tools developed to advance the care of our patients. Lastly, this meeting will spotlight innovative research efforts amongst our membership and the IP community at large.

CONFERENCE HIGHLIGHTS:

This 2.5 day hybrid meeting will be a well-balanced event comprised of multiple in-person live-streamed plenary sessions, live-streamed breakout sessions, interactive virtual and prerecorded breakout sessions, hands-on demonstration suites and exhibiting, allowing multiple opportunities for close interaction throughout each day of the meeting.

WHY EXHIBIT?

Technical and educational exhibits provide a professional and educational environment in which individual physicians can network with respected colleagues and industry representatives. Attendees can also participate in technology demonstrations, view product demonstrations, and discuss the clinical uses of products and services, including how they may improve the quality of care and optimize the management of the patient with intra thoracic disease.

TARGET AUDIENCE

We anticipate 300+ pulmonologists, thoracic surgeons, and advanced practice providers and trainees in pulmonary, critical care medicine, and thoracic surgery with an interest in interventional pulmonology and advanced diagnostics to attend the event in-person or virtually. These individuals are the thought leaders within the field and the clinical team leaders in their respective institutions.

This is a unique opportunity to interact with a diverse group of experts and thought leaders in a convivial setting of focused scientific inquiry. Should you require additional information, feel free to contact the AABIP at the aabipconference@gmail.com

TERMS AND CONDITIONS

APPLICATION TO PARTICIPATE

Only applications that are received on the appropriate forms duly completed and addressed to Kenes will be considered. The registration will be confirmed as space becomes available. Applicants will be informed in writing of the acceptance or rejection of their applications. In the event of rejection, all payments will be refunded. In the event of acceptance, Exhibitors shall be bound by the terms and conditions listed herein and/or in the brochure and/or any other contractual agreement between the parties. OBLIGATIONS AND RIGHTS OF THE EXHIBITOR Registration implies full acceptance of the exhibition regulations by the Exhibitors. Any violation of these regulations may lead to immediate revocation of the right to participate in the Congress without compensation or reimbursement of the amounts already paid or payment of damages to the Exhibitor. By applying, the Exhibitor definitively and irrevocably undertakes to occupy the assigned space and to maintain its facilities until the date and time defined for the closing of the event. The Exhibitor can only present in his stand or space the materials, products or services described in the application to participate. Advertising by firms that are not registered as exhibitors is not permitted. The transfer or sublease of the assigned spaces, totally or partially, is forbidden.

OBLIGATIONS AND RIGHTS OF THE ORGANIZER

The Organizer undertakes to allocate the space to the Exhibitor according to the preferences indicated by the applicants. Applications will be considered on a first-come, first-served basis. If absolutely necessary, the Organizer reserves the right to modify the distribution of the stands, without any obligation to compensate the Exhibitor. The Organizer reserves the right to offer any space that has not been occupied on the eve of the opening of the Congress to a different firm, without obligation to provide compensation to the Exhibitor who did not show up.

LIABILITIES / INSURANCE

The Organizer does not insure the equipment and display materials installed by the Exhibitor. Under no circumstances shall it be held liable for loss, damage or destruction caused to the Exhibitor's equipment, goods or property. The Exhibitor assumes responsibility for its exhibited material, his employees and delegates and for any third party that can visit his space.

The Exhibitor shall indemnify and hold harmless the Organizer, its suppliers, directors, employees, delegates and representatives, from any damage, loss, injury, cost, fine and complaint including all complaints and damages and those caused by fire and extending within a coverage policy contracted by the exhibitor, his partners, representatives related to materials, equipment, goods or properties exposed for the event by the Exhibitor. The Exhibitor shall purchase insurance policies for the aforementioned damages. The Organizer reserves the right to change the venue, dates and times of the Congress activities without liability to the Exhibitor for damages or losses resulting therefrom. The exhibitor will be notified in writing as soon as changes have been made.

EXHIBITION REGULATIONS

The exhibition coordinator, acting under the direction of the Organizing Committee, has the final decision regarding the acceptance of the display. The Exhibitors are prohibited from sharing the assigned space with others without written consent of the coordinator. The Organizer reserves the right to alter the plan or limit the space assigned to each Exhibitor, postpone the exhibition or transfer it to another venue if circumstances require such action. In the event that any contingency prevents the holding of the exhibition, the Organizer is not responsible for the expenses incurred except the rental rates of the exhibition spaces. Exhibitors and their equipment must not block aisles, obstruct neighboring stands or damage facilities or rented equipment. Exhibitors are requested to leave enough free space to ensure a good view of the surrounding stands. Exhibitors are responsible for the cost of designing, installing and shipping their exhibition items (and dismantling them) at the exhibition site. The use of flammable materials is not permitted. The exposed equipment must be installed under strict safety measures. Exhibitors must comply with the designated schedule to complete the assembly of their stand before the opening of the exhibition and to dismantle it at the closing of the exhibition. The stand shall not be dismantled or packed before the designated time. The exhibitor is responsible for packing and organizing the shipment of all the valuables before leaving the stand; otherwise the organizer will dismantle it under the risk and at the sole cost to the exhibitor.

Exhibitors are obliged to ensure that their stands are always staffed during exhibition hours. Payments will

be made according to the conditions contemplated in the prospectus or, if different, accepted in writing by the Organizer. If the Exhibitor does not make the payment on time, the Organizer is entitled to rescind the contract, suspend confirmation of acceptance, use the space for another purpose or request compensation for breach of contract. The participation of the Exhibitors is contingent upon compliance with all rules, regulations and conditions set forth herein. Access to the exhibition is authorized upon presentation of the accreditation issued by the Organizer. Exhibitor's badges will not be sent in advance but will be handed out at the exhibition coordinator's counter at the beginning of the exhibition. The Organizer guarantees the daily cleaning of the corridors. Exhibitors assume responsibility for the cleaning of their stands. The distribution of any type of catering by the Exhibitors to the participants will only be permitted provided that the catering rules of the exhibition site authorize it. The Organizer is not responsible for the quality and/or quantity of the catering offered by the Exhibitor. The Exhibitor shall indemnify and hold harmless the Organization, its suppliers, directors, employees, delegates and representatives from any liability, loss, complaint, action, proceeding, injury, demand, fee, fine, judgment, damage, cost and/or expense (including attorneys' fees) incurred by third parties as a result of the use or consumption of catering delivered by the Exhibitor.

Any exhibition or institutional activities must be limited to the stand space and must have the prior consent of the Organization. Panels and advertisements are not permitted outside the exhibition areas assigned to Exhibitors. The areas and equipment made available to Exhibitors must be returned in their original state. In case of damage or loss of supplied equipment or damage to occupied areas, the exhibitor shall be responsible for the repair and replacement. Any decoration or special installation must be presented to the Organizer for prior authorization. The Organizer will not approve stands that do not meet the accepted standards until the necessary changes have been made.

CODE OF GOOD PRACTICE

The Exhibitor/Sponsor is responsible for complying with the regulations of the local authorities, EFPIA (European Federation of Pharmaceutical Industries and Associations) www.efpia.org, Eucomed (representing the medical-technological industry) <http://archive.eucomed.org>, ADVAMED www.advamed.org, and IFPMA (International Federation of Pharmaceutical Manufacturers and Associations) www.ifpma.org Code of Practice on the Promotion of Medicines. Non-compliance with these regulations could not be used as a basis for declaring the contract null and void. Failure to comply with these rules and regulations will not expose the Organization to lawsuits or demands by Exhibitor/Sponsor or third parties.
